Important information regarding the new Draft Capability Test (DCT)/Brace Draft Capability Test (BDCT) Program

The DCT/BDCT Program is designed to ease the dog and handler into a test environment and promote confidence by giving them experience in performing foundational exercises seen in more advanced draft tests.

The test will also assess the team's readiness to begin training for more difficult exercises. Constructive and instructional feedback from the judge is an essential part of the program and the test is designed to allow the judge to "coach" the team at specific intervals during testing. This is a "Certificate Program", not a titling event. This certificate will not count towards producer awards.

The DCT/BDCT program will be reviewed approximately 1 year from its inception to assess its effectiveness in aiding new draft dogs in the process towards titling, its practicality as part of the overall GSMDCA program, and any other considerations deemed appropriate.

All GSMDCA Draft Regulations will apply to Draft Capability and Brace Draft Capability tests unless otherwise specified in this Chapter. Hosting a DCT/BDCT event is optional. The test can be administered as a standalone event, in conjunction with an approved GSMDCA draft trial, or as part of another GSMDCA event, such as a draft clinic. The same event application process applies as for a draft trial. Same day entry is allowed for a DCT/BDCT Event. The Premium List must clearly state which tests are being offered and whether pre-entry will be required for the DCT/BDCT Event.

***This event is dedicated to the memory of our beloved friend
and long-time Southbound Club member,
Linda Yanusz.***

DRAFT CAPABILITY TEST (DCT)/BRACE DRAFT CAPABILITY TEST (BDCT) JUDGES WORKSHEET

General Performance Guidelines:

- The team is allowed two attempts at each element. If unsuccessful on its second attempt, the team does not pass that element.
- Dog is to be on a loose leash for each element. Two warnings may be given during the test.
- The cart may bump into obstacles, but the dog must extricate the cart to continue. If the handler has to touch or lift the cart to continue, the team does not pass.
- The team does not pass if the load falls off cart or drags on the ground.

The following exercises may be performed in any order except the first and last exercises or where noted.

Exercise	Performance	P/NP
Basic Control	<p>GREET JUDGE: Handler and harnessed dog approach Judge for greeting.</p> <p>MOVABLE OBSTACLE: Handler and dog pass through a moveable obstacle/gate and closes it. Dog is behind or at handler's side moving through obstacle. Dog remains in place (stand, sit, down and may change position) while obstacle is moved. This can be done before or after greeting the Judge.</p> <p>HITCH TO CART: Handler gives leash to Judge or connects leash to post while the cart is hitched. After inspection, the Judge instructs the handler to make any adjustments.</p> <p>NOTES:</p>	
Controlled Walking	<p>Team walks to object placed 60 feet away, does an about turn around object, and returns to original position. A passive stranger sits approximately 20 feet away.</p> <p>NOTES:</p>	
Figure 8	<p>Team performs a Figure 8 around two objects set 9 feet apart.</p> <p>NOTES:</p>	
Wide, Fixed Narrows	<p>Handler walks dog through a set of traditional narrows or straw bales, etc., set 5 feet apart, no longer than 6' long. Dog can be next to or behind the handler.</p> <p>NOTES:</p>	
Secure Load in Cart	<p>Handler leaves the dog to retrieve lightweight parcel on chair, returns to the cart and secures the load. Handler may hold leash the entire time.</p> <p>NOTES:</p>	
Halt	<p>At an appropriate location along the course, independent of other obstacles, the Judge will command the handler and dog to halt.</p> <p>NOTES:</p>	
Visual Distraction	<p>Situated 20 feet from an obstacle, a visual distraction is used. Naturally occurring sights and sounds may substitute for this element.</p> <p>NOTES:</p>	
Two Broad Curves	<p>Team performs two broad curves in each direction.</p> <p>NOTES:</p>	
Judge Concludes Test	<p>The team halts before exit (dog may sit, down or stand). Judge greets the team and briefly gives comments about the performance—no more than 1 minute.</p>
